

# Appendix L - Index

---

This index is a quick route back into the guide. Appendix D gives the MMIO map, Appendix G gives opcode cribs, Appendix H gives per-CPU symbols, and Appendix J gives the full memory map.

## A

| Term           | See                                           |
|----------------|-----------------------------------------------|
| AHX            | Chapter 18, Appendix D                        |
| Alpha blending | Chapter 4, Chapter 9                          |
| ANTIC          | Chapter 7, Chapter 28, Appendix D, Appendix H |
| ASCII          | Appendix C                                    |
| Assemble mode  | Chapter 25, Chapter 33, Appendix G            |
| AUDCTL         | Chapter 17, Chapter 27, Appendix D            |
| Audio mixer    | Chapter 11, Chapter 23, Appendix K            |

## B

| Term              | See                             |
|-------------------|---------------------------------|
| BASIC direct mode | Chapter 1                       |
| BASIC vocabulary  | Chapter 2                       |
| Blitter           | Chapter 4, Appendix D           |
| BLT_FLAGS         | Chapter 4                       |
| BLT_STATUS        | Chapter 4, Appendix D           |
| Block diagrams    | Appendix K                      |
| Bus model         | Preface, Chapter 24, Appendix K |

## C

| Term             | See                                |
|------------------|------------------------------------|
| CLUT8            | Chapter 4                          |
| Compositor       | Chapter 3, Appendix K              |
| Copper           | Chapter 4                          |
| Coprocessor      | Chapter 32, Chapter 39, Appendix I |
| COPROC_CMD_ERROR | Chapter 32, Appendix D             |
| COCALL           | Chapter 32                         |

## D

| Term                        | See                                |
|-----------------------------|------------------------------------|
| DEF / TROFF token collision | Chapter 2, Appendix A              |
| Disk I/O                    | Chapter 35                         |
| DMA                         | Chapter 22, Chapter 24, Appendix D |

## E

| Term           | See        |
|----------------|------------|
| EhBASIC tokens | Appendix A |
| Error messages | Appendix I |
| Exceptions     | Chapter 31 |

## F

| Term              | See                                |
|-------------------|------------------------------------|
| File I/O          | Chapter 35, Chapter 39, Appendix D |
| FBZ_MODE          | Chapter 9                          |
| Fixed-point maths | Chapter 4, Chapter 9, Appendix F   |
| Frequency tables  | Appendix E                         |

## G

| Term                          | See                                           |
|-------------------------------|-----------------------------------------------|
| General MIDI-style programmes | Chapter 21                                    |
| GTIA                          | Chapter 7, Chapter 28, Appendix D, Appendix H |
| Graphics overview             | Chapter 3                                     |

## H

| Term         | See                    |
|--------------|------------------------|
| HOST command | Chapter 36, Appendix I |

## I

| Term   | See        |
|--------|------------|
| IE Mon | Chapter 33 |

| Term                   | See                                            |
|------------------------|------------------------------------------------|
| IE Script              | Chapter 34                                     |
| IE32                   | Chapter 26, Chapter 31, Appendix G, Appendix H |
| IE64                   | Chapter 25, Chapter 31, Appendix G, Appendix H |
| IE64 monitor assembler | Chapter 25, Chapter 33, Appendix G             |
| Index                  | Appendix L                                     |
| Input MMIO             | Chapter 37, Appendix D                         |

## M

| Term                     | See                                            |
|--------------------------|------------------------------------------------|
| M68K                     | Chapter 29, Chapter 31, Appendix G, Appendix H |
| Machine-code byte entry  | Chapters 25-30, Chapter 33                     |
| Monitor assemble command | Chapter 25, Chapter 33, Appendix G             |
| Media loader             | Chapter 11, Appendix D                         |
| MEDIA_TYPE_MIDI          | Chapter 21, Chapter 23, Appendix D             |
| Memory map               | Chapter 24, Appendix J                         |
| MIDI/MUS                 | Chapter 21, Chapter 23, Appendix D             |
| MIDI_PLAY_CTRL           | Chapter 21, Appendix D                         |
| MIDI_PLAY_STATUS         | Chapter 21, Appendix D                         |
| MIDI_STATUS_LOADING      | Chapter 21, Appendix D                         |
| MIDI_TEMPO_BPM           | Chapter 21, Appendix D                         |
| MIDI_VOLUME              | Chapter 21, Appendix D                         |
| Mode 7                   | Chapter 4, Chapter 25                          |
| MOD                      | Chapter 19, Appendix D                         |
| MUS                      | Chapter 21, Chapter 23                         |

## P

| Term          | See                                |
|---------------|------------------------------------|
| Palette       | Chapter 3, Chapter 4               |
| Paula DMA     | Chapter 22, Appendix D             |
| PEEK and POKE | Chapter 1, Chapter 24              |
| POKEY         | Chapter 17, Chapter 27, Appendix D |
| PSG           | Chapter 13, Chapter 28, Appendix D |

## R

---

| Term             | See                                |
|------------------|------------------------------------|
| Raster bands     | Chapter 4                          |
| RawlandMini      | Chapter 21                         |
| Registers        | Chapter 24, Appendix D             |
| RTC_MONO_USEC_HI | Chapter 37, Appendix D, Appendix H |
| RTC_MONO_USEC_LO | Chapter 37, Appendix D, Appendix H |
| RUN loader       | Chapter 35, Appendix I             |

## S

---

| Term                    | See                                            |
|-------------------------|------------------------------------------------|
| Screen codes            | Appendix B                                     |
| Serial devices          | Chapter 38                                     |
| SFX                     | Chapter 11, Chapter 12, Appendix D             |
| SID                     | Chapter 15, Chapter 29, Appendix D             |
| SID2                    | Chapter 15, Appendix D, Appendix J             |
| SID3                    | Chapter 15, Appendix D, Appendix J             |
| SMF                     | Chapter 21                                     |
| SN76489                 | Chapter 14, Chapter 26, Appendix D             |
| SoundChip               | Chapter 11, Chapter 12, Chapter 39, Appendix D |
| SoundChip flex channels | Chapter 11, Appendix D, Appendix J             |
| SYSINFO_ACTIVE_RAM_LO   | Chapter 24, Appendix D, Appendix J             |
| SYSINFO_TOTAL_RAM_LO    | Chapter 24, Appendix D, Appendix J             |
| SysInfo                 | Chapter 24, Appendix D, Appendix J             |

## T

---

| Term                   | See                                |
|------------------------|------------------------------------|
| TED audio              | Chapter 16, Chapter 30, Appendix D |
| TED frequency register | Chapter 16, Appendix E             |
| TED_V_RASTER_STATUS    | Chapter 6, Appendix D              |
| TED video              | Chapter 6, Chapter 30, Appendix D  |
| TERM_SENTINEL          | Chapter 38, Appendix D             |
| Tile and sprite layers | Chapter 10                         |
| Timing                 | Chapter 31                         |

| Term  | See                    |
|-------|------------------------|
| Traps | Chapter 31, Appendix I |

## U

| Term | See                                           |
|------|-----------------------------------------------|
| ULA  | Chapter 8, Chapter 27, Appendix D, Appendix H |

## V

| Term         | See                                           |
|--------------|-----------------------------------------------|
| VGA          | Chapter 5, Chapter 26, Appendix D, Appendix H |
| VideoChip    | Chapter 4, Chapter 25, Chapter 39, Appendix D |
| VIDEO_STATUS | Chapter 4, Appendix D                         |
| Voodoo       | Chapter 9, Chapter 29, Appendix D, Appendix H |
| VRAM         | Chapter 3, Chapter 4, Chapter 24, Appendix J  |

## W

| Term                   | See                    |
|------------------------|------------------------|
| WAV                    | Chapter 20, Appendix D |
| Whole-machine capstone | Chapter 39             |

## X

| Term                  | See                                            |
|-----------------------|------------------------------------------------|
| x86                   | Chapter 30, Chapter 31, Appendix G, Appendix H |
| x86 .ie86 flat images | Chapter 30, Appendix H                         |

## Z

| Term     | See                                            |
|----------|------------------------------------------------|
| Z80      | Chapter 28, Chapter 31, Appendix G, Appendix H |
| Z-buffer | Chapter 9                                      |
